SIBERIA MAY NOT SPEED.  
General Manager R. P. Schwerin of the Pacific Mail S. S. Company notified Colonel Marfarlane yesterday by cable that the Siberia was not out to make any record on her present trip. In a letter to Colonel Marfarlane, Mr. Schwerin expressed himself as dissatisfied over the showing made by the Korea on her recent trip to this port. She was expected to make the run in 4 days and 16 hours. The time of the Siberia's arrival at this port next week is therefore uncertain. If the weather be good, she may reach here Monday but will more probably arrive on Tuesday.

## TREASURY HAS WATCH DOG

SENATOR DICKEY OPPOSES ITEM TO INCREASE SALARIES OF CIRCUIT JUDGES.

Judge Dickey is now the watch dog of the treasury. Senator Achi has been displaced from that proud and necessary capacity. Senator Dickey endeavored to save several thousands of dollars to the taxpayers yesterday afternoon by opposing the proposed raise in the salaries of the circuit judges. He said that the present salaries were enough. The honor had been sufficient for several of them to make trips to Washington. It was useless, argued the senator, to throw money away. The proposed increase had better be used on public roads and county government. The objection was knocked, overruled, and the bill passed second reading. The bills relating to garnishment of government beneficiaries, providing jurors mileage at 10 cents a mile, and relating to the reorganization of the judiciary were passed their second reading. The bill to regulate the practice of dentistry in the territory came up for second reading. On motion of Senator Dickey the limit requiring five years of practice for eligibility to become mem-

bers of the Board of Dental Examiners was reduced to three years. Senator Achi also offered an amendment permitting any one who had been in a dental parlor for two years to take the examination. This passed. The minimum fine of \$50 was also eliminated as was the imprisonment clause. The bill will come up for third reading on Monday.

The committee on Ways and Means reported favorably on the bill providing for a tax of five dollars on automobiles and \$2 on bicycles. Senator Crabbe gave notice of intention to introduce a bill exempting the Pacific Heights electric road from the payment of taxes for five years.

## THE NEW CONSUL ON THE WAY

LOCAL APPLICANTS LOSE THEIR FIGHT FOR THE PLACE—TWO MEN NAMED AS THE APPOINTEE

The cable statement that the new Chinese minister to Washington, Sir Liang Chenting, now on his way to his post of duty by the Korea accompanied by the consul and vice consul for this port, was of the greatest interest in the local Chinese colony, as showing that the new vice consul to Hawaii will not be a local man. There were several local candidates for the place.

There are two rumors current regarding the selection of a successor to Yang Wei Pin, both of them based upon reports printed in Shanghai and other papers. One report is to the effect that the consul is Liang Shun, a brother of the minister, and the other report says that Cheng Kin, son of Cheng Chi Ting viceroy of Hunan is the man appointed.

Chamberlain's Cough Remedy is intended especially for coughs, colds, whooping cough and influenza. It has become famous for its cures of these diseases over a large part of the civilized world. The most flattering testimonials have been received giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it robs that disease of all dangerous results. It is especially prized by mothers because it contains nothing injurious; and there is not the least danger in giving it, even to babies. It always cures and cures quickly. All Dealers sell it. ## Important Reasons

Why Herring-Hall-Marvin  
Safe Co.'s Safes and  
Locks are the Best?

The concrete filling makes these safes absolutely Fire-Proof and positively Damp-Proof. The solid angle corners add greatly to their security in time of fire, and form the only solid corners made. The patent Bolt Work is superior to any in use and does not require the constant oiling, cleaning, and repairs that is acknowledged in other makes of safes. That although 600,000 of these safes are now in use and many thousands have been tested by some of the most disastrous conflagrations in the United States, THERE IS NOT A SINGLE INSTANCE ON RECORD WHEREIN ONE OF THEM EVER FAILED TO PRESERVE ITS CONTENTS PERFECTLY. They make safes for county treasurers, county recorders, county clerks, jewelers, Hotels, residences, churches and corporations. We have a large assortment of safes on hand and will be pleased to show same.
